

Presentation to the Nevada State Board of Education

Nevada Assessments Calendar

**Mike Pacheco, Education Program Supervisor,
Office of Assessment, Data, and Accountability Management (ADAM)**

Agenda

- Federal Assessment Requirements
- Instructional Days
- Assessment Calendar 2025-2026 school year
- Data Validation

Federal Assessment Requirements

The Every Student Succeeds Act (ESSA), which reauthorized the Elementary and Secondary Education Act (ESEA), outlines the primary federal requirements for assessing K-12 students

- Students must be tested annually in reading/language arts and mathematics in grades 3 through 8
- Students must be tested once in high school (grades 9-12) in reading/language arts and mathematics
- Students must be tested in science once in each of the following grade spans: grades 3-5, grades 6-8, and high school.
- All statewide assessments must be aligned with the state's academic content standards for each subject and grade level
- Assessments must include appropriate accommodations for students with disabilities and English language learners, as outlined in their Individualized Education Programs (IEPs) or 504 Plans
- States develop alternate assessments for students with the most significant cognitive disabilities
- States must provide evidence of the continued validity and reliability of State assessments

September 3, 2015 - State Board of Education

- Senate Bill 75 (2015) required the establishment of a minimum number of instructional days prior to the state assessments.
- The State Board of Education established 120 instructional days as the minimum
- The 120 was consistent with the Smarter Balanced Assessment Consortium's (SBAC) policy that 66 percent of the instructional calendar be complete prior to the administration
- Assessment windows were implemented to allow for the variation between district calendars.

Assessment Calendar 2025-2026 School Year

Assessment Calendar 2025-2026 School Year

Student Assessments – All Students	Grades	Testing Windows
Smarter Balanced Summative Assessment English Language Arts and Mathematics	3 - 8	March 10 - May 5
